Duo Form Launches: DUO Universal Shower System- the first of its kind to ship flat!

Edwardsburg, MI- May 27, 2020- Duo Form is pleased to announce the launch of its unique RV DUO Universal Shower System.

The DUO Universal Shower System is the perfect shower wall replacement system for almost any RV or camper, as it can be cut to variable sizes to fit almost any wet area, and will upgrade the look and feel of any RV shower. This shower system is a game-changer in the world of remodels and rehabbers because it ships flat, in three pieces with custom designed corners that fit easily into place. These amazing shower systems are also available with DUOPRINT TECHNOLOGY, which will bring an upscale look to any bath. It is currently being offered in gray marble, tan marble, and white. More color and graphic designs are in future plans.

The DUO Universal Shower comes in three easy-to-assemble pieces with two interchangeable corner locking segments. This new shower features a customizable sizing system and a "Score and Snap" design that make it extremely straightforward and simple to trim and fit to the unit. The DUO Universal Shower is engineered with a unique style line feature that allows an easy way to trim the walls for a custom fit. The style lines, which blend seamlessly into the shower wall design, work as route guides on the reverse side of the walls to simplify cutting. The Universal Shower is 66" Tall, but can be cut to 62" or 59" in height. The width is 44" wide, but could fit showers up to 48" wide at the maximum, utilizing the custom corner locking segments, which measure 3" x 3", giving customers even more customization options.

"With just a few basic tools and our easy installation video, almost any customer can customize and upgrade his or her own RV shower," says Mike Gonser, DUO Vice President of Sales, "Duo has over 50 years of experience making RV showers for the RV OEMS and we are excited to be able to take that experience and use it towards designing smart and beautiful solutions for the RV Aftermarket. We have absolutely made this repair or rehab project as simple as possible."

Whether replacing an old, outdated, or broken shower; or renovating an RV with a new upscale design, the DUO Universal Shower System can be easily cut to variable sizes and will upgrade the look and feel of almost any RV bathroom. For more product information or distribution opportunities please contact Rachel Yessa, Duo Form Aftermarket Sales Manager. The DUO Universal Shower will be available soon from your favorite local RV and RV Parts Dealers. To see more product images and specifications, or to order direct from DUO, please visit <http://bit.ly/ShopDuoForm>.
